ARTICLE III - MATCH PROFILE

- A) The playing line-up must be completed by both team Captains before 7:30pm and must be completed in the blind. The visiting Captain must submit a complete line-up to the home Captain after the home Captain has completed his/her side of the Match Report. All players' spots must be filled in with a registered player's full name. All 9 registered members of a team can be used in any order in any spot on their team's line-up. No player may be used more than once in each event, i.e., no player may play 2 or more 301 games, 2 or more cricket games or both 601 games.
- B) Each match will be structured as follows: (1) 2 games of 601, 3 person teams, double start, double finish and each win will gain 1 match point; (2) 3 games of doubles, American cricket, with points. Each win will gain 1 match point; (3) 6 individual games of 301, each to be best 2 out of 3 games, double start, double finish. The player who wins 2 games will gain 1 match point.
- C) The highest recognized division (eg, Super A, or if no Super A in any division, A) will play a best 2 out of 3 in doubles (abbreviated cricket) during the regular season and playoffs. The doubles team who wins 2 games will gain 1 match point. The loser of the first game shoots first for cork in the second game. If a third game is necessary, the loser of the second game will have choice of throwing first or second for cork. The player closest to the cork starts the third game.
- D) ORDER OF PLAY - (1) 601 - The visiting team starts the first 601 game and the home team starts the second 601 game. (2) Cricket - At the start of each cricket game, one person from each team will throw for cork. The closest to the cork starts the game. The visiting team throws first for cork in the first and third games; the home team throws first for cork in the second game. (3) 301 - The visiting team starts the first, third and fifth 301 games. The home team starts the second, fourth and sixth 301 games. In each 301 game, the loser of the first game starts the second game. If a

third game is necessary, the loser of the second game will have choice of throwing first or second for cork. The player closest to the cork starts the third game. (4) The submitted line-up will be the playing order of the match. Each of the games in each event will be played by the players in the order that their names were submitted on the line-up

- E) THROWING FOR CORK - A throw for cork is valid if the dart remains anywhere in the dartboard. A single or double cork may be pulled from the dartboard when recognized by the second shooter. Darts will be re-thrown in reverse order if (1) the second dart knocks out the first dart from the dartboard; (2) both darts are in the single cork, (3) both darts are in the double cork, (4) the scorekeeper is unable to determine which dart is closest to the cork. A DOUBLE CORK BEATS A SINGLE CORK!!!!
- F) SUBSTITUTION - If a posted player is not present for his/her turn to play, one of the team's registered players can play in the absent player's place provided that the substitute is not being used in the same event. Once the substitution has been made, the original player will be ineligible to play in that event. If no substitute has been made and the original player on the match line-up arrives to play, he/she may step in and play at his/her regular turn in the rotation without warm-ups.
- G) A match is deemed legal with a minimum of 3 players per team. A match can start without a full team in attendance. When a scheduled player is not there to play his/her 301 game, that particular game point will be awarded to the opposition in attendance. If scheduled players are absent from both teams, no points for the game will be awarded to either team.
- H) In the team events (601 & cricket), the team with fewer player(s) will lose a turn in rotation for each absent player in that game, e.g., a 2 person team playing against a 3 person team would have only 2 turns for every 3 turns the opponents have. The cricket games would have the shorthanded team throw once to the full teams twice.
- I) The home team has the prerogative of choosing the board on which the match is to be played if there is more than one board in the Pub and provided that the board and set-up meet the requirements set forth in Article I of these rules.
- J) No later than 30 minutes prior to the time competition is scheduled to begin, the game board shall be cleared of play by the management. The board will then be declared open and will be available for player warm-up. All warm-up activities must be completed by 7:30pm.
