

Dear Members of the Minute Man Dart League Community:

This past year the Internal Revenue Service conducted an examination of our league's prior information returns. Based on recommendations from both the IRS and our league Tax Attorney, MMDL has taken the appropriate steps to ensure that our non-profit status will not be compromised. The examiner's report was completed and MMDL continues to qualify for its non-profit (federal exemption) status.

Thank you for your inquiries and concern during this process. We appreciate the continued support we receive from our sponsors, players and members.

Sincerely,

The Board of the Minute Man Dart League
