Boston Area 2005 - 501 Singles Tourney Results

Super A

With only 8 – teams presently competing in what is considered the best dart Division in the U.S., the Boston Area Super –A division players were well represented by 16 members that came out on Sunday to compete for the coveted Super A 501 Singles Trophy! Those in attendance were a who’s who of the best that MMDL and New England Darts has to offer the sport of darts, young and old!

On the stage for the finals were: Bob Given, Got Darts - Silhouette Lounge, Allston and Ray Carver, Pai Gow – West Roxbury Pub, both finalists are nationally ranked!

Champion – Carver!

A – Division

Probably the most excitable match! For the first time in memory, the Boston A division players competed without the shadow and reputations of the Super A players participating. This was the first time that A-division players would compete all by themselves.

This event had the largest and surely the most boisterous crowd around the stage of the four staged finals that took place Sunday. The closed-circuit camera allowed all to see every dart thrown. It appeared that the majority of the cheering fans were in support of Pat McKeon, of Yahtzee – from the Veez in Malden, as he met Marcus Hone of the Castlebar – Brighton in the final match.

Champion – Hone!

B-C-D Divisions!

The largest player turnout by any of the four competing groups and took the most time to complete. This final match had to wait for the conclusion of the A-division final before the contestants could mount the stage. Here we had a C-division shooter in Jimmy Cribbins of Trip’N out of Josie’s in Everett meeting Thomas Desrochers of the Gravediggers out of the D.A.V. Somerville (who had the largest family contingent present) for the title!

Champion – Desrochers!

E & F Divisions!

Being the first event of the day, the E and F divisions didn't disappoint with a good turnout and a good representation from our female membership. Even though our finalists were a little hesitant to take the stage so all could see, our contestants didn't let the crowd watching down a bit with great arrows thrown by both finalists. Mike Pino of Full of Bull – Honey Fitz, Malden did everything he could to stop Jim Boyden of Dart Devils from Champions' Pub, Everett. To watch this match as teammates and family cheered both players while a few were biting their nails, told the story for the rest of the day! Hit it or lose it!

Champion – Boyden!
