

# ALL MMDL TEAMS CAN USE DARTCONNECT FOR FREE!

## DartConnect Season Pass Partner

**NEW POLICY - FALL 2017!** In anticipation of DartConnect becoming mandatory (season tba), use of DartConnect for MMDL matches is now **by choice of the home team**. ALL TEAMS should begin using the app immediately to be prepared for future mandatory use.

Minute Man Dart League covers the cost for **ALL** teams to use the DartConnect scoring app for league matches but teams must provide their own hardware. Get started by creating a Guest Account and give MMDL the same email you used for your DartConnect account on your roster. *See reverse side for more information.*

### DartConnect is the Future of Steel Tip

- Score matches quickly and easily - *no math required!*
- League Rosters download automatically to your device
- Comprehensive match reports delivered to your email

## MMDL DARTCONNECT SEASON PASS PROGRAM

# How To Get Started

EVERY PLAYER ON THE TEAM can and should have a DartConnect Account - not just the captain. With a free guest account, any player on the team can host a league night match when required. Always have backup!

### TO DOWNLOAD THE DARTCONNECT APP:

1. Create a DartConnect Guest Account - see instructions below.
2. Make sure you provide MMDL with the SAME email address that you used for your Guest Account.
3. Download the app to your Apple, Android or Windows tablet (minimum 7" screen for league use). **Watch Video:** "How to Save DartConnect to Your Home Screen".
4. You will receive notification when MMDL Season Pass becomes available inside the app.
5. Once activated, there will be a sample practice league that allows you to explore the app and become comfortable selecting players, scoring, correcting mistakes and saving matches. **Learn DartConnect in a risk free environment.**
6. **Prepare in advance!** Visit the MMDL's website and click the red flight to go to the DartConnect help page for helpful video tutorials and other instructions to help you learn more about how easy it is to score matches with DartConnect.
