**Division Assignments based on DartConnect PPR (3 Dart Average):**

## HOW IT WORKS

Average based on Leaderboard Singles ALL 01 PPR, minimum 5 legs to qualify

Players with an average of 50+ will play in the PLATINUM DIVISION

Players with an average of 40-49.9 will play in the GOLD DIVISION

Players with an average between 30-39.9 will play in the SILVER DIVISION

Players with an average below 30 will play in the BRONZE DIVISION

Players may only play one level below their team's division placement

Players may always choose to play in a division above their determined level

PPR will be checked against the leaderboard at registration

Players with no DartConnect data will play in the division according to their team or BOD discretion

Players with only 501 or only 301 data will be handled on a case by case basis on request

Previous season's data may also be taken into consideration

**Tournament staff decisions on player assignments are final**

Your cooperation is appreciated as we refine this new method for our competitions
